The **ALPHA 2 Pro V32** video cabinet brings the proven **V32** high-definition video format to the **Pro Series** product line. The lowered button deck allows for optimal player comfort, while the new cabinet sidelighting creates a *Comfort Zone™* for increased time on device.

- Powered by Alpha 2, using the latest dual-core processing technology, greatly expanded storage, and accelerated video graphics.

- Design improvements resulting from extensive review with veteran casino operators.

- Elimination of game glass simplifies game conversions.

- Complete download platform when configured with iDeck™.

- Combined bill in and ticket out path simplifies player interaction.

- Ergonomically located space for player tracking systems above the button deck.

- Digital Signal Processing sound system custom designed for the modern gaming environment and located to the sides of the display to produce a cinematic surround-sound audio effect.

- High definition 32" touch screen game display.
